

Open WS of “Vulnerabilities of Water environment in Coastal Cities”

9:00-9:10 Opening and introduction

Prof. Robert Delinom (Research Center for Geotechnology)

9:10-9:20 Speech from vice chairman of LIPI

Prof. Bambang Subiyanto (LIPI, Jakarta)

9:30-9:50 Outline of the JSPS project on “Evaluation of the groundwater vulnerability for sustainable water resource management in Indonesian coastal cities”

Prof. Shin-ichi Onodera (Hiroshima Univ.)

9:50-10:10 Water environment in Osaka Metropolitan area, Japan

Dr. Mitsuyo Saito (Okayama Univ.)

10:10-10:30 Water environment in Semarang

Dr. Rachmat Fajar Lubis (Research Center for Geotechnology)

10:30-10:50 Groundwater environment research in Indramayu

MSc. Anna Fadliah Rusydi (Research Center for Geotechnology)

10:50-11:10 Surface water environment research in Indramayu

Dr. Iwan Ridwansyah (Research Center for Limnology)

11:10-11:50 Discussion (schedule, MOU, etc.)

11:50 Closing; Robert Delinom and Shin-ichi Onodera

Grant-in-Aid for JSPS Foundation (B)2017-2019

Evaluation of the groundwater vulnerability for sustainable water resource management in Indonesian coastal cities

1. Backgrounds

2. Objective

3. General plan

Shin-ichi ONODERA (Hiroshima Univ.)
