

## PROJECT RESEARCH CENTER FOR HEALTHY WATERSHED ENVIRONMENT (HeWE\*), HIROSHIMA UNIVERSITY

HeWE\* is the Research Consortium for the on-going Projects supported by JSPS\*1 and APN-GCR\*2, and it holds the research collaboration agreement with Japanese members in Okayama Univ. and Miyagi Univ. and Indonesian researcher in Indonesian Institute of Sciences.

\*1: JSPS is Japan Society for the Promotion of Science. (<https://www.jsps.go.jp/index.html>)

\*2: APN-GCR is Asia-Pacific Network for Global Change Research. (<https://www.apn-gcr.org/>)

### On-going Project

1. JSPS, Grant-in-Aid for Scientific Research (A), 2018-04-01–2022-03-31, Innovation of catchment agriculture and environment, based on regional recycle system conserving coastal ecosystem and agricultural land, 18H04151, PI: Onodera, S., Co-I: Saito, M., Kawashima, S. et al.
2. APN-GCR, 01/09/2019-31/07/2022, Future water resources, its quality management and nutrient flux in Asian coastal megacities, CRRP2019-09MY-Onodera, PI: Onodera, S., Co-I: Saito, M., Ridwansyah, I., Rubis, F., Bakti, H., et al.

### Main Members:

(Head) Onodera, Shin-ichi: Hiroshima University, Graduate School of Advanced Science and Engineering, Professor

Ishida, Takuya: Hiroshima University, Graduate School of Advanced Science and Engineering, Assistant Professor

Saito, Mitsuyo: Okayama University, Graduate School of Environmental and Life Science, Associate Professor

Kawashima, Shigekazu: Miyagi University, School of Food Industrial Sciences, Professor

\* Another Japanese member is 15.

Murti Laksono, Kukuh: Bogor Agricultural University, Department of Soil Science and Land Resources, Professor (ICR)

Ridwansyah, Iwan: Indonesian Institute of Sciences, Research Center for Limnology, Researcher (ICR)

Hendra Bakti: Indonesian Institute of Sciences, Research Center for Geotechnology, Researcher (ICR)

\* Another international member is 8.
